BECOME A V.I.P FOR THE CROSS CULTURAL CENTER!

Volunteer Internship Program is an unpaid opportunity during the winter and spring quarters. Interns will be assigned to a Coordinator to plan a specific event or work with the CCC activity. V.I.P Interns help to spread awareness of culturally relevant topics impacting educational equity under their coordinator. Becoming a V.I.P Intern is ideal for folks that are passionate about raising community awareness and who seek to build their public speaking, leadership skills, team building, and planning abilities.
